### Search for a Case

Use the “**Search for a Case**” function to find dockets and records for a specific case or cases for a specific attorney, respondent, petitioner, or applicant.

- For public cases filed on or after Feb. 1, 2019, documents are available online.
- For cases filed since 2000 through January 31, 2019, only some documents are available online. To request additional documents, submit a [written request](#).
- To request certified copies, or for additional information, please see the [Public Records & Information webpage](#).

### Search for a Case

State Bar Court case dockets are available online. A docket is a summary, list, or index of proceedings or events in a case. It may also include court documents.

When entering a name, the format must be **last name, first name**. Both entries are required for a complete search. The name must be spelled correctly.

*Tip: If you are uncertain that you have the attorney’s correct name, you can use the [Attorney Search Feature on the State Bar website](#), which offers the option to include similar spellings.*

If you know the case number, you can enter it in the same field. For cases filed on or after February 7, 2019, case numbers must include SBC in the prefix. Case numbers for an attorney’s public discipline can be found on their profile on the State Bar website.

*Tip: If you have a number for a recent case without SBC at the beginning, you must add it for a successful search.*

Hyphens are not required. For example, SBC-19-O-12345 and SBC1912345 are both valid case numbers for search.
