NOTICE REGARDING STATE BAR COURT
EMAIL SERVICE OUTAGE NOVEMBER 12, 2026

On Thursday, November 12, Microsoft experienced a service outage affecting many of its services. As a result, the State Bar Court was not able to receive some emails from external senders on November 12.

Service has now been restored, and the court expects that all emails sent on November 12 will be delivered, although there may be significant delays. The court encourages parties to re-send any emails sent on November 12 if they have not received confirmation that the email was received. The court has issued a General Order directing that any documents due for filing/submission with the court on November 12 will be deemed timely filed/submitted if submitted to the court no later than 5:00 p.m. on Monday, November 16.
